Full Stack Developer

Objective

Experienced Full Stack Developer with a Bachelor's degree in Computer Software Engineering and a Post-Degree Diploma in Web and Mobile Development. Proficient in JavaScript, React, and Next.js, with a demonstrated ability to design, develop, and maintain responsive applications. Seeking a Web Developer role where I can leverage my skills in Python, JavaScript, React, and AWS to contribute to the development of web-based applications.

Skills and Technologies

- Programming Languages: JavaScript (4 years)
- Front End Technologies: React (4 years)
- Next.js (2 years), HTML5 (6 years), CSS (6 years)
- Back End Technologies: Node.js (4 years)
- Database Design: Proficient
- Web Services: RESTful APIs
- Version Control: Git, GitHub
- DevOps: Docker, Docker Compose, Linux
- Cloud Services: Firebase, AWS (EC2, S3, Lambda, RDS)
- UI/UX Design Tools: Figma
- Full Stack Development: Web and Mobile
- Agile Methodologies
- Problem-solving and Communication

Work Experience

Full Stack Developer at Freelancer / Contract Apr 2022 - Present
Vancouver, British Columbia, Canada / Remote

- Developed and maintained web applications using Next.js, Typed React, and SASS to meet client requirements and project deadlines.
- Collaborated closely with clients to gather and refine project requirements, ensuring a clear understanding of their goals and objectives.
- Integrated third-party APIs and services to enhance application functionality and user experience.
- Resolved complex technical issues, identified bottlenecks, and optimized code for performance.
- Participated in agile development methodologies, including sprint planning, daily stand-ups, and retrospectives.

Cellphone Technician at TELUS Mobileklinik / Permanent Full-time Feb 2022 – Present
Vancouver, British Columbia, Canada / On-site

- Maintain detailed records of repairs, including parts used, labor hours, and customer information, using designated software systems.
- Stay updated on the latest mobile device technologies, repair techniques, and industry trends to enhance technical proficiency and efficiency.
- Assist customers with software-related issues, including troubleshooting operating system errors, installing updates, and resetting devices.

Hooman Hajarian +1(778)-952-5844
